 - MSC Compliant
 - GBI Standards
 - Intelligent Destination Lift Control System
 - Turnstile Security Access Gate
 - 1400 car parking bays
 - Centralized/Shared Data Center
-

DESCRIPTION

A spectacular state-of-the-art 45-storey Grade A office tower designed as a contemporary monoblock glass box. Q Sentral is an iconic landmark in the Kuala Lumpur skyline. Q Sentral offers stratified office spaces that have been separated into 2 distinct zones: the spacious High Zone offices on Levels 30 through 42, and the modest Low Zone offices on Levels 13A through 29.

The building itself was conceived as an up-market corporate office tower. Its perfect north-south orientation presents excellent feng shui, while being within Malaysia's biggest and most connected transportation hub, gives Q Sentral the intra-city, inter-city and global connectivity no other business address in Greater KL can boast.
